FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

To: Chief, Allocations Branch

**PETITION FOR RULEMAKING**

Radio East Corp., by its attorney, hereby requests that the Commission amend the Table of Allotments as follows:

<u>Community</u>	<u>Current</u>	<u>Proposed</u>
Alamo, Georgia	---	287C3

In support thereof, the following is stated:

Attached hereto is a Technical Statement which demonstrates that Channel 287C3 can be allotted at 32° 19' 29" N, 82° 43' 23" W, which will prevent any shortspacing from occurring with any currently authorized or proposed facility.

Adoption of this proposal will be in the public interest. As demonstrated in the Technical Comments attached hereto, approval of this proposal will allow Radio East Corp. to provide new first local aural service to the public in Alamo, Georgia. As seen in Attachment 2, Alamo, Georgia is an incorporated community, with its own elected officials and newspaper. Radio East Corp. will apply for the allotment at such time as this proposal is adopted.

Accordingly, Radio East Corp. respectfully requests that this Petition be adopted, that the Commission amend the FM Table of Allotments to specify the new channel at Alamo, Georgia, and that the Commission request comment on the proposal contained herein.

Respectfully submitted,

RADIO EAST CORP.

### **TECHNICAL COMMENTS**

These comments are filed on behalf of Radio East Corp., proponent to allot Channel 287C3 to Alamo, Georgia. Exhibit #1 is an allocation study indicating that the reference coordinates of North Latitude 32° 19' 29" and West Longitude 82° 43' 23", the spacing requirements of §73.207 are met or exceeded. From this location, Alamo, the city of license, is served by the 70 dBu contour as seen in Exhibit #2.

Alamo is the county seat of Wheeler County, Georgia. There are no other AM, FM or television services allocated to any city in this county. Alamo has a population of 855 persons and Wheeler County has a population of 4,903 persons. From the reference coordinates, assuming a class maximum station, not allowing for terrain variation, 4,778.4 square kilometers would be served and 80,202 persons reside within the 60 dBu contour.

When Channel 287C3 is allotted to Alamo, Radio East Corp. will file timely any paperwork necessary to apply for the new station.

All statements made herein are thought to be true and correct to the knowledge of the undersigned.
